Didn't manage to boost on time?

Don't panic.

Your BD- voucher remains valid at any vaccination site that provides the J&J vaccine until 14th January 2022.

Please visit Find my Job for your closest vaccination site

Now to end with some good news....

We track infections daily.

While the J&J vaccine is not preventing all Omicron infections, it is keeping health workers **OUT** of hospital beds.

The Sisonke Team wishes you a safe and joyous festive season, with some time for rest and relaxation with your family and friends.
